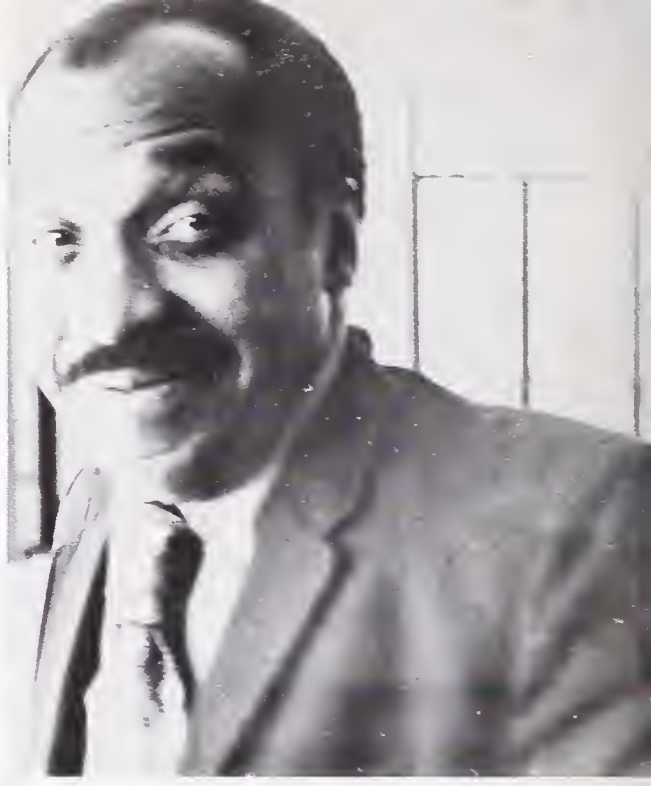
FRESHMEN

BERKELEY PUBLIC LIBRARY



Principal's Message

To the Class of '75:

This is my 3rd year as Principal of West Campus, BHS and perhaps it will be my last as next year I have been invited to participate in a national administrative internship program.

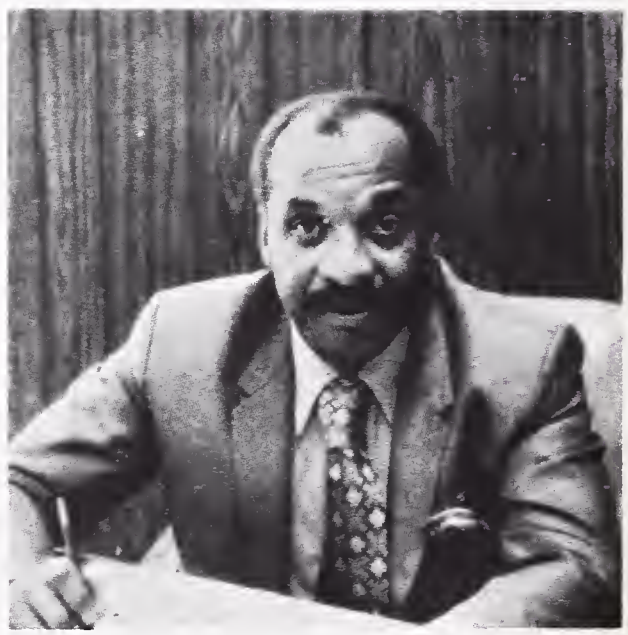
I feel very good about the experiences I have had here at West Campus and I would like to indicate that each year has been even better than the previous one. This year's class most particularly has been a joy with which to work even though my schedule has been somewhat awkward. You have been accepting of the innovations we've instituted and have also been the recipients of a number of experimental programs and ideas in such areas as the cafeteria and snack bar, physical education curriculum, athletic teams, and other expanded offerings. Many of these changes and additions we hope will have been a motivating factor in keeping you here at school, interested in education, and in building a trust toward the "establishment".

We have faith in our young people and we will be following your school careers with interest and concern. We shall be in constant touch with you throughout your years in the Berkeley schools evaluating the long range effects of the programs that we hoped would add to your growth and that were naturally affected by your involvement.

Each of us certainly would like to be remembered as one who did make a positive contribution to your future and we're sincere when we say we wish you the very best and thank you for allowing us to work with you.

Most sincerely,

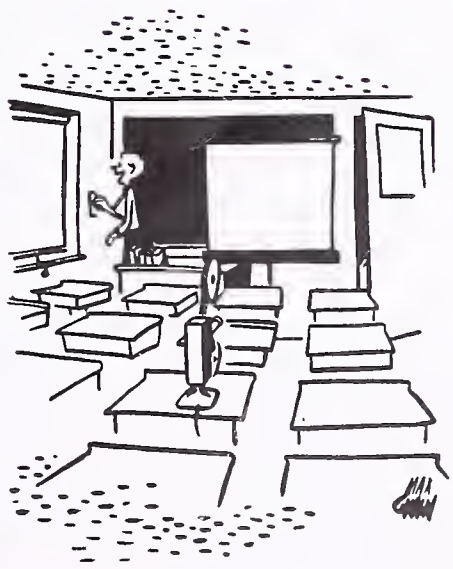
John Newton



"We have faith in our young people...".

FACULTY

"That's the teacher. Our classrooms are a little crowded."



"Students, I must congratulate you on sitting so quietly through the film today."

Jackets
20-2

Coach Percy Crawford master minded his team to an almost perfect season, winning 20 games while losing only 2.

The team was sparked by the efforts of Gene Ransom, who broke three school records, total points (550) assists (163) and game point average (25. 5).
